

## AQUA VARNISH STAIN REMOVER

### Information and Technical Support:

[export@mercadier-group.com](mailto:export@mercadier-group.com)

### PRODUCT DESCRIPTION

---

Universal stain remover for soluble stains (even water-insoluble: test before application) on Bi Aqua Varnish. Used in particular to remove rubber and shoe traces.

### NECESSARY TOOLS

---

Absorbent cloth/sponge

### APPLICATION

---

First and foremost remove remains of liquids blotting with a piece of absorbent cloth, vacuum non-adherent specs of dirt. Spray the stain remover onto a soft absorbent lint-free cloth. Dissolve the stain by blotting moving from the border to the centre. Remove the dissolved stain with a dry corner of the cloth. Then rinse the area with clean water and blot to dry up.

### TIPS

---

Never leave the stain remover stagnate onto the surface.  
Always test the stain remover onto little visible places.

### PACKAGING

---

Cans of 200 ml.

### ASSOCIATED PRODUCTS

---

Bi Aqua Varnish Floors

### RECOMMENDATION AND WARNING

---

- See the most recent version of this technical specification (see website). Our distributors and technical support are at your disposal for any clarification.
- Performance and durability guarantees for the decorative coating may be given only in case a complete system of MERCADIER products is used (primer, product itself, sealer) and strictly according to instructions for application and maintenance of the system. Thus, the manufacturer will not be liable for the poor product's performance if an application did not conform to our instructions and if the integral system was not used.
- All the information, tips and advice relative to final illustration of MERCADIER products are given in good faith. They are based on knowledge and experience that MERCADIER has acquired so far regarding its products that were appropriately stored and handled, and applied in normal conditions. In practice, the differences between materials, surfaces and specific application conditions are such that provided information, written recommendations or given advice do not imply any warranty of merchantability other than the legal warranty against hidden defects.
- Colours and aspects in our colour charts are indicative, and cannot be considered as contractual. The same is applied for boards and panels displayed at retail outlets. It is preferable to use identical samples as much as possible. These products lead to results with subtle differences that can also arise depending on application conditions (applicator's gestures, temperature etc).

### SAFETY PRECAUTIONS

---

Components: <5% anionic surface agents, bleaching agents, hydrogen peroxide. Contains solvents, perfumes, limonene, stabilising agents.

Store well closed in its original packaging in a fresh and dry place.

Keep locked and out of children's reach.
